

Rattlesnakes Killed Near Village
Two reptiles identified as rattlesnakes were killed by I. C. Mace near his buildings on the East Oxford road, one mile from Market Square. One snake, about

from Market Square. One snake, about 3 feet long, had two rattles, while his smaller running mate is said to have been minus the sound makers. The reptiles were killed near a water hole in the garden. Mr. Mace displayed one of the snakes in the village, a number of local people and a tourist who claimed to know, declared it was the real goods and a dangerous plaything.

It is reported a rattler of large size has been killed on the C. T. Shorridge farm some two miles from the village, on Upper High Street.

Many years have elapsed since dangerous reptiles scared folks in this vicinity.

The reason for popping up in this civilized country is setting many wise ones guessing. The theory is advanced that

the strangers escaped from a sideshow or medicine vander during or after the fair last year. If this were true, why they should first make their presence known several miles from the grounds is another question to thresh out.

Facts or Myth, Which?

Doubting Thomases are bobbing up to discredit any such critters like rattlesnakes showing their heads in this locality. The story spread rapidly during the week and according to street corner talk, has lost not one point in the telling. V. Akers and Walter Beaman, local scientists

visited the farm Tuesday and interviewed Mr. Make. No remains were unearthed and the searchers after truth reported

and the merchants after lunch, reproved that the quest wasn't satisfactory. Therefore doubters have rucked away the yarn in the attic with pipe dreams and Dr. Cook's climb up the North Pole.

The Sport Editor, naturally a shade skeptical, conducted a gum shoe search after the Norway explorers reported their findings.

Evidence shows that Mr. Mace really killed what he saw—they were real snakes and one being carried to South Paris village for identification. Miss Leota Schoff who knows a lot about the subject declared the critter was a rattler. E

Walker Abbott, an attorney, viewed the remains and he is positive that rattlesnake is the right name. Furthermore, he ob-

son served a pair of small rattles with a button on the harmless end of the reptile. "There is no reason to confuse the snake with our common varieties for it was the real goods all right," he says.

Here after, as a precaution, Boy Scouts and others should be cautious in dealing with the snake family. Absence of the rattling sound may not be a good Safety First program for George L. Noyes has observed well developed rattle snakes five or six feet long with only a trace of the sound makers on the tail, smaller ones have developed three or four pairs. A broad flat head with pouches on either

side is like a finger print that can't be disguised. Boys have a care unless you know your snakes.

including Albany, North Lovell, Stoneham and the Waterfalls, Pastoral Staff: Revs. W. L. Ball, C. Townsend, Wentworth, A. C. Townsend and Mr. D. V. McLean

Last Sunday all the morning services throughout the Parish were omitted in order that all might attend the outdoor, hill-top service at Albany, conducted by Henry Merrill and his large class of men from St. Laurence Church, Portland, on the fourth summer that Mr. Merrill and his men have held such service at Albany, and it has increased in interest each year. Last Sunday was in ideal day for such a meeting, and a large number from all the towns of the Parish, and some from outside, gathered in the hill-top to sing the old Gospel songs, and to listen to the inspiring message from a consecrated layman and his class of men.

At the close of the service, coffee and ice cream were served, and many stayed until after their picnic at the Waterfalls. In the afternoon a meeting, and a service was held in the open air on the slopes of Mt. Tri'm.

The next event of general interest is the coming of the Beneficent Chautauque to Waterford. This will be on Friday, Saturday and Monday, August 3, 4 and 6, as the tent will be in place over Sunday, the morning church service for Waterford and South Waterford will be held in a tent, and a special offering will be taken for the fund for rebuilding the burned Waterford church. In the evening will be held the usual song service in the tent, led by Ellison Sawyer.

On Saturday evening, before the Chautauque program, the Ladies' Circle of Waterford will serve a supper in the Masonic Hall.

The second three weeks session of the Day Vacation School is now being held in East Stoneham, with a good attendance from the northern part of the Parish.

Mr. H. J. Hays, of Portland, who has been taking his vacation, will have returned to be on duty next Sunday.

The moving picture to be shown next week throughout the Parish is "Old Iron Sides."

Heard and Seen at Advertiser Office

A personal letter was recently printed in these columns. When it reached the eye of the writer, it was a little different. "I call it a horrible breach of trust to say anything of breaking Emily Post's rules of etiquette into bits as well as destroying my faith in mankind. I am a member of the Congregational church. The Congregational teachers in the Community Vacation School, which closes this week, will have charge. These teachers are, Miss Jessie Wild, Sup't., Miss Irene Norve, Miss Catherine Longley and Mrs. Raymond Morgan. On Sunday evening there will be a Community service at the Methodist church at which a program and exhibit of Vacation School work will be presented.

PAUL IN A PAGAN COUNTRY

LESSON TEXT—Acts 14:1-23.
GOLDEN TEXT—I know how to be ashamed and I know how to abound.
PRIMARY TOPIC—Paul and Barnabas Preach to the Heathen.
JUNIOR TOPIC—Paul and Barnabas Preach to the Heathen.
INTERMEDIATE AND SENIOR TOPIC—Paul Unmoved by Flattery and Danger.
YOUNG PEOPLE AND ADULT TOPIC—The Heroism of Foreign Missions.

1. Paul and Barnabas Preaching at Iconium (vv. 1-7).
2. Their manner of preaching (v. 1).
3. This is suggested by the little word "so" in verse 1. They spoke that a great multitude believed. They were true preachers. Only that which brings conviction of sin and induces decisions for Christ can be truly said to be preaching to the heathen.

4. Their attitude towards opposition (v. 8).
5. This is suggested by the word "therefore." "Long time therefore they tarried." The opposition did not prevent their preaching, but incited them to continue preaching. Christian workers should learn not to give up work because of opposition.

6. The Lord accompanied their preaching with miracles (v. 8). Since the opposition was so fierce, the Lord granted help which was needed.

7. The effect of their preaching (v. 4).
8. The multitude of the city was divided. Where men faithfully preach the gospel there will be division. Such division comes frequently in the home just as Christ predicted.

9. Paul and Barnabas assaulted (vv. 5-7).
10. The Jews and the Gentiles united in planning this assault. Being aggrieved of this plot, Paul and Barnabas fled to Lystra and Derbe, where they preached the gospel.

11. An Attempt to Worship Paul and Barnabas as Gods (vv. 8-13).
12. The occasion (vv. 8-10).

13. It was the healing of the lame man, God's gracious power shown in healing this lame man occasioned a new difficulty. The man was a confirmed cripple. He had been lame from birth. Paul perceived that the cripple trusted Christ, with a loud voice that all could hear he bade the man to stand upright. The cure was instantaneous for he leaped up and walked (v. 10).

14. The method (vv. 11-13).
15. They called Barnabas Jupiter, and Paul Mercury because he was the chief speaker. The priest of Jupiter brought oxen and garlands ready to offer sacrifice unto those men (v. 13).
16. Their efforts frustrated (vv. 14-18).

17. This foolish act was happily averted by the tact of the apostles as exhibited in the address of the occasion.

18. (1) They denied that they were divine beings and declared against the worship of men of like passions with themselves. What awful folly to worship such beings when the infinite God, who created all things and is above all, spreading out His beneficent hands in blessing upon all, is seeking true worshippers!

(2) They directed them to turn away from these vain things unto the living God who made heaven and earth, and has left witness of Himself in that He has always done good, giving rain and fruitful season, filling their hearts with gladness.

(3) The Stoning of Paul (vv. 19-22).
19. Wicked Jews from Antioch and Iconium pursued Paul with relentless hate to this place where they stirred up the very people who were willing to worship the apostles a little while before. This hatred took form in the stoning of Paul and dragging him out of the city for dead. These things are easy to talk about, but how awful they must be to experience. God raised him up, and with undaunted courage he presented on with his duties as a missionary, bearing the good tidings to the lost. The church today needs men with such zeal and courage, and such a passion for the souls of lost men that they will do as Paul did.

20. The Organization of Churches in Asia Field (vv. 22-28).
21. Evangelization with Paul did not mean a hasty and superficial preaching of the gospel, but the establishment of a permanent work. Elders were appointed in every church. The work of the missionary is not done until self-governing and self-propagating churches are established on the field.

Fly to Him

If it be true that God is not only willing to befriend us, but is spoken of as "rejoicing with sympathy for our miseries," so as to be all the kinder to us the more we are miserable, what folly were it not to fly to him without delay.—John Calvin.

A Verse From the Bible

Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem the other better than himself.—Philippians 2:3.

SOUTH WATERFORD
Dr. and Mrs. Watson Visit in Rumney—Camp Kokosing Gave Entertainment—Fire Feared When Black Smoke Rolled Up—Preparing for Community Club Sale—Grange Meeting.

Mrs. Ernest Brackett and friend, Mrs. Harry Carter, of West Medford, Mass., have been visiting at Mrs. Brackett's brother's, Charles Nelson's, the past week. Dr. Harry Watson and wife were in Rumney, N. H., over Friday and Saturday. They went to see the daughter, Ruth, who is riding instructor in "Camp Wainwright" Lake Umbagog in that town.

The oldest son, Richard, of Mrs. Louise Delano, of West Roxbury, Mass., is helping Ruth with the horses there this summer.

Dr. Horne and wife of Fairhaven, Mass. Howard Smith of Norway, and son, Mark Smith, of Boston, were callers of Mrs. M. Etta Watson, this past week.

Harvey is progressing very slowly in this vicinity. The rain has brought quite a large crop this year.

Wednesday night "Camp Kokosing" gave a fine entertainment for the benefit of New Church Fund at Waterford. The Grange Hall was filled to overflowing and a fine sum must have been added to that fund.

Mrs. Jennie Hammond is sick and has required the attention of a doctor.

Thursday, the ladies gathered at the home of Mrs. Bell and another very happy and profitable day was spent when they made pillows and clipped air and filled them. We were honored with the presence of Mrs. Horace Smith and daughter, Harriet, of Portland, who are spending their vacation with Mrs. Smith's sister, Mrs. Sadie Scribner, and daughter, Mrs. William Holt, of Portland, who have a cottage in North Bridgton.

Mrs. Ida Biggs returned to her home on Saturday, where she is to spend a week while her barn is being repaired. We are all glad to see her home open again.

Mr. and Mrs. Kline of New Jersey, who spent three weeks at Leon York, returned home recently.

A very black smoke rolled up from Blackgum on Wednesday afternoon and until it was learned that it was only the burning of some hay of Leon Willard's, some people were worried, and not strange, for we have had several serious fires since the first of May in this town.

Arthur Kingman, Mrs. Bertha Parker, Albert Hamlin, Mrs. Ida Holden, Will Abbott's barn and shop and Mr. Collins' rest have all had lightning rods on their buildings this past week. Most buildings in this village are now rodged.

The sale to be given by the ladies of the Bear Mt. Community Club, the proceeds to be used for re-decoration of the interior of the Methodist Church, is to take place at Grange Hall on Friday, August 17th. Full particulars will come later. The work for the sale is coming on fine.

VAUDEVILLE FOR COUNTY FAIR

With Hamid, Inc. have announced their free vaudeville acts for the stage show in front of the grandstand during Oxford County Fair. The performance will be led by the Parker Family in three separate acrobatic acts in the program. Norman, the frog man, is a contortionist playing the best time. He appeared in Norway Opera House some years ago and is known as one of the "maiest" performers doing this stuff. The White Brothers come as star acrobats and tumbler, with a line of flips and twists just a little out of the ordinary. Fred Bates is a vocalist and will sing popular songs with the band. This combination is believed to be one of the best platform attractions ever offered by the Society.

Secretary W. O. Frothingham points out that in many respects the first day will be the best. All perishable exhibits are fresh and attractive, besides the crowd is not there to worry and jostle many wishing to take in the show at their leisure. Some of the best races are carded for that day. Practically everything is there except the big crowds that jam the fair grounds on the second day.

Young America Day will be the opening event as usual, with free admission tickets for grade pupils if accompanied by parent or guardian. Teachers and superintendents in the surrounding towns will see that all the little folks are supplied with pastebords. All the shows and rides will be in action and there will be free seats on the grandstand for pupils taking in the races and vaudeville.

On Wednesday, tickets for the day are not good after 6 p. m. This will be Lindbergh Day, with a spectacle of his flight reproduced in fireworks, after the evening stage show. Another ticket will be required for this performance, so all persons on the grounds after 6 o'clock will be checked up. The admission is small but a fraction of the real worth of the exhibition
